ProtectUK

Recognising terrorist threats

ProtectUK publication date

23/11/2021

NPSA, in collaboration with ACT, is proud to announce the publication of Recognising Terrorist Threats a guide for the security professional.

NPSA, in collaboration with ACT, have published the 'Recognising Terrorist Threats' guide aimed at every level of the security profession. Drawing on NPSAs extensive research programme and post event analysis, the guide contains an overview of potential terrorist methodologies, key components of threat devices and other potential attack indicators.
