Bringing the Crime Prevention Toolkit to Life

NaCTSO Insights: Bringing the Crime Prevention Toolkit to Life

NaCTSO is launching the next session in its NaCTSO Insights webinar series, focusing on the [Crime Prevention Toolkit available](#) on ProtectUK.

Designed with small and medium-sized businesses in mind, this short online session will demonstrate how the toolkit can help organisations better understand and manage everyday security risks in a practical and accessible way.

The Crime Prevention Toolkit brings together clear guidance, checklists and advice to support businesses in strengthening their protective security. In this NaCTSO Insights session, we will showcase a short overview video and informally talk through the toolkit's key features, explaining how it can be used to support proportionate and effective crime prevention measures.

This session is ideal for business owners, managers, and anyone responsible for safety, security or premises management who wants straightforward, trusted advice without technical jargon.

Event details

- Event title: NaCTSO Insights – Crime Prevention Toolkit
- Date: Tuesday 28 April 2026
- Time: 12:00 – 12:30
- Format: Online (Microsoft Teams)
