Businesses invited to learn about crime prevention toolkit in free online session

ProtectUK publication date
03/08/2026

Businesses across the UK are invited to join a free online session showcasing the National Counter Terrorism Security Office's (NaCTSO) Crime Prevention Toolkit.

Taking place on Wednesday 16 September 2026, from 12.30pm to 1pm, the session will introduce attendees to the NaCTSO INSIGHTS product, which brings the existing Counter Terrorism Crime Prevention Toolkit on ProtectUK to life through a short video presentation.

During the session, participants will be guided through the toolkit's key features and learn how practical crime prevention measures can help organisations:

- protect staff, customers and visitors
- reduce risks
- improve public safety
- strengthen security measures

The session is particularly relevant for small and medium-sized enterprises (SMEs), retailers and businesses looking to enhance their approach to crime prevention, target hardening, loss prevention and security awareness.

Attendees will have the opportunity to explore how the toolkit can support their organisation and gain valuable insights into protecting their business, employees and customers.

Please note: this session is a repeat of a previous event and is being delivered again to provide further opportunities for businesses to attend.
