Who we are

The Business Engagement Unit (BEU) is part of Counter Terrorism Policing's Protect and Prepare activity. We work with businesses and organisations across the UK to improve resilience and strengthen protective security against terrorism.

What does BEU do? Click the video below to see how we can help you:

What we do

The Business Engagement Unit:

- Builds relationships with businesses across key sectors.
- Promotes protective security and preparedness advice.
- Facilitates engagement between industry and Counter Terrorism Policing.
- Supports organisations in understanding relevant threats, risks and mitigations.
- Encourages the adoption of ProtectUK guidance, training and good practice.

Who we support

The team works with organisations across the Venues and Public Spaces sectors and other relevant business communities where there is a need to improve protective security awareness and preparedness.

How we can help

We can:

- Provide information about protective security resources.
- Facilitate engagement opportunities with sector leads and specialist advisers.
- Signpost organisations to relevant guidance, training and operational support.
- Help businesses identify appropriate ProtectUK resources for their needs.
