Be prepared

Before you head off on holiday, there are three things you should do:

1. Check the latest UK Foreign, Commonwealth and Development Office Travel Advice for the country you are visiting
2. Make sure you have adequate travel insurance – check the small print
3. Watch our holiday safety videos

Advice for holidaymakers

There is a high threat of terrorist attacks globally affecting UK interests and British nationals, including from those who view the UK and British nationals as targets.

Terrorist attacks may occur anywhere in the world, usually with little or no warning. You should be vigilant at all times.

While there is no specific intelligence that British holidaymakers will be targeted, this video highlights the steps you can take to minimise the impact of an attack – including knowing the local emergency services number.

Safety and security advice

If you hear gunshots you should:

RUN – to a place of safety. This is better than trying to surrender or negotiate.

HIDE – it is better to hide than confront. Barricade yourself in, turn your phone to silent and use only when it is safe to do so.

TELL – Make sure you know the local emergency numbers in the country you are travelling to. For all EU countries call 112.

ABTA

The Travel Association has winter and summer safety and security advice for people travelling abroad, which includes the Action Counters Terrorism guidance, **RUN HIDE TELL**.

So whether you're planning a summer or winter trip follow ABTA's useful advice to help you enjoy your holiday in the sun and snow and avoid some possible pitfalls.
