ProtectUK

What is ProtectUK?

ProtectUK publication date
14/03/2022

You have the power to protect, and the shared responsibility to prepare. Become part of a community working together to protect the nation, preparing for resilience in the face of future obstacles.

Information, guidance and advice

ProtectUK provides vital information, official guidance and leading advice on protective security. It is a space for individuals, communities, businesses, government and policing to find information supporting the shared mission of bringing safety and security to the nation.

ProtectUK has been developed by the Counter Terrorism Alliance, a collaboration of three leading organisations:

- National Counter Terrorism Security Office
- Home Office
- Pool Reinsurance

ProtectUK also partners with leading government and policing bodies, ensuring the platform has the latest guidance that can help businesses and individuals protect their staff, customers and location.

Prepare and protect

The ProtectUK platform aims to help businesses prepare and protect their premises, offering access to resources that assist the implementation of security measures that take into account the ever-evolving threat of terrorism.

Online e-Learning

ProtectUK hosts the award winning Action Counters Terrorism (ACT) Awareness e-Learning. The e-Learning supports individuals to increase their counter terrorism awareness through recognising how to spot suspicious items, activity and much more.

We look forward to welcoming you on this journey with us.
