ProtectUK

Where should I begin on ProtectUK?

ProtectUK publication date
14/03/2022

With ProtectUK we want to share a few short steps on the best path to take if you want to learn how to protect and prepare your staff, customers, business and location.

ProtectUK advice and guidance

1. **View the latest advice and guidance**: Find the best advice and guidance for you and look through the wide range of documents that are available to you. If interested in looking at how to ensure your business keeps moving, check out Response. Looking for ways to protect your staff and prepare them? Have a look at the Security section. If there are any specific types of guidance that you are looking for that you cannot currently find on our site, please use the feedback form.
2. **Perform a risk assessment**: Visit the Security Risk Management page and follow the steps to perform a risk assessment, helping you to improve your organisations risk management.
3. **Get interactive**: Perform the award winning ACT Awareness e-Learning to bolster your security knowledge. If you have questions around security or want to increase your knowledge, our e-Learning has the key topics.
4. **Read our news articles**: Our news articles give the latest updates on the world of counter terrorism, threat analysis from our analysts, and general updates on the ProtectUK platform.
5. **Register to get full access to the platform:** To get the most out of ProtectUK, register today .

For more information, you can contact the ProtectUK team here.
