

Reducing insider risk

ProtectUK publication date

17/12/2021

This collection of NPSA guidance and tools is designed to help organisations reduce the risk of an insider by undertaking good personnel security practices.

People are an organisation's biggest asset, however, in some cases they can also pose an insider risk. As organisations implement increasingly sophisticated physical and cyber security measures to protect their assets from external threats, the recruitment of insiders becomes a more attractive option for those attempting to gain access.
