ABTA's Health, safety and security customer information

ProtectUK publication date
15/07/2022

You can make sure you are prepared and have a safe and healthy holiday with ABTA's health, safety and security advice.

Security advice at home and abroad

It is essential that you have the latest security advice at home and abroad. The more information you have, the more prepared you can be for all possible circumstances.

ABTA, the travel association, created a really useful leaflet providing travellers with health, safety and security advice called "How to have a safe and healthy holiday".

This leaflet provides advice and information to help people keep themselves safe and enjoy their holidays.

Information

Some of the topics covered within this leaflet include:

- RUN HIDE TELL
- preparing for travel
- travel insurance
- security
- be aware and be safe

If you are interested or would like to download the leaflet, visit the ABTA website.
