

Security Checklist for Businesses

ProtectUK publication date

28/12/2022

This checklist has been created to assist businesses during periods of increased visitor footfall within the retail and night time economy premises, such as the lead up to the New Year and national holidays. During this period we can see a significant increase in the number of people visiting retail and night time economy premises. This checklist will help to ensure that the right protective security measures are in place.

Review your Security and Business Continuity Plans

Identify your risks, based on the [current threat](#)

Increase staff vigilance: Ensure all staff are fully briefed to positively engage with customers and report any suspicious activity to security or police

Enhance your security presence where appropriate and consider staff patrolling in high visibility clothing

Security officers should have a visible presence, clearly display their ID badges and be briefed

Review your Emergency Assembly Point

Review and communicate any emergency/evacuation procedures to staff and ensure all necessary equipment, including first aid

supplies, are readily available

Review [Evacuation, Invacuation and Lockdown procedures](#). Ensure that you have plans for vulnerable staff and visitors and designated marshals to support this activity

Check the ability to control access points to your premises

Check CCTV is fully operational and that you have available staff members who are trained to operate it

Unattended Items: Ensure staff understand how to respond to unattended items. Do staff know the [HOT principles](#)?
