ProtectUK

Join a webinar on ProtectUK

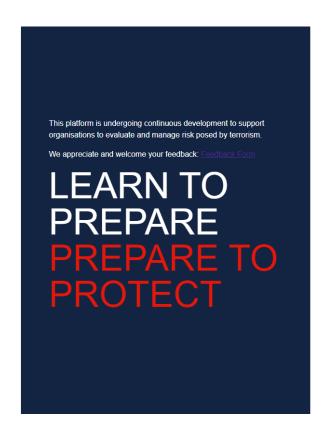

Sign up to the webinars we host on ProtectUK.

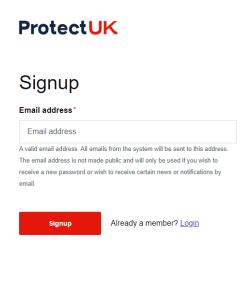

Over time, we will continue to update the range of webinars that we offer, allowing you to get live or pre-recorded advice from authoritative voices within the industry. We encourage users to join to gain the best advice for helping you stay on top of the latest updates in counter terrorism and security. You must be registered to the ProtectUK platform in order to access webinars.

Before the webinar and account registration:

Attendees:

To be able to get the most out of ProtectUK, <u>register today</u> to get full access to the platform. Follow the steps below.

You will then be requested to fill in the following details (see overleaf):

Create new account

Account Details

In order to access the content on this site please fill out this form.

USER GROUP DETAILS

Register for your chosen webinar:

Find webinars under News & Views tab on the ProtectUK platform.

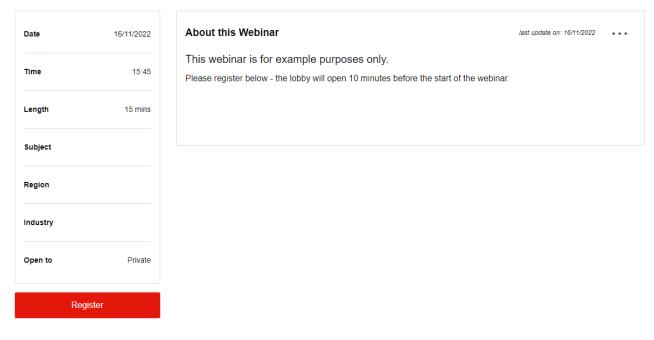

Then navigate to the webinars section:

A list of available webinars will then be listed, register to your desired webinar by clicking in to the webinar listing and following the below process.

Welcome to ProtectUK

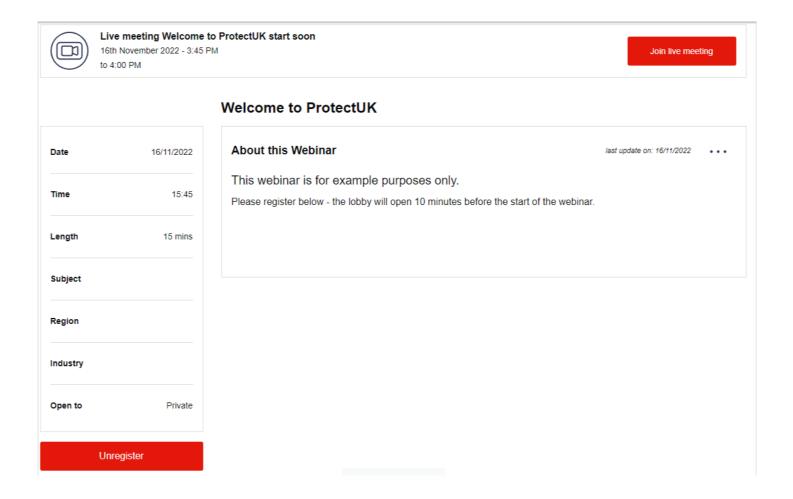

Next, you will receive an email confirming your registration, webinar information and the link to join.

Please note: You can ONLY join our webinars on a laptop and computers.

During the webinar

At the start time of the webinar, select the Join link.

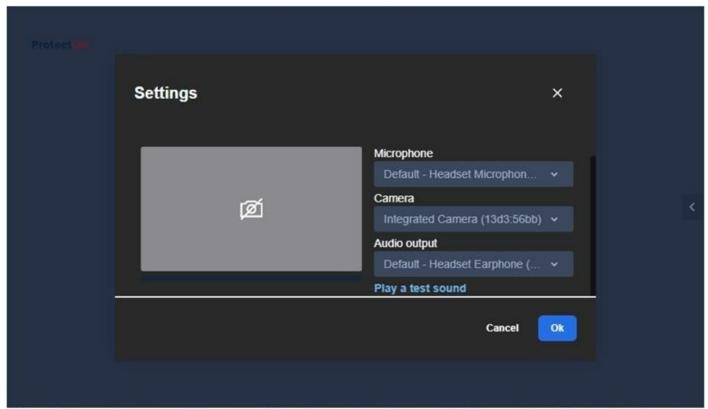

You will then wait in the lobby until the organiser or presenter accepts your request to enter the webinar. Attendee's audio, video, messaging and polling is turned off. You will be met by the following screen when accessing the webinar.

The ProtectUK moderators control audience participation - Polls may be used during the webinar to engage with the audience.

The presenter may ask you to engage with the webinar through our chat function.

WELCOME TO PROTECTUK

This meeting could be recorded. Please leave if you do not consent to be a part of the recording. We do not endorse or take responsibility for personal views expressed by participants during the webinar. Please refer to ProtectUK Terms & Conditions.

Please engage accordingly and utilise the chat feature to get the best out of the webinar. We do not endorse or take responsibility for any personal views expressed by participants during the webinar. Please see ProtectUK's T&C's.

After the webinar

The ProtectUK moderator or organiser will share and publish the event if the webinar has been recorded.

Frequently asked questions

Who can schedule a webinar?

Anyone can request and schedule a webinar, subject to ProtectUK approval, see T&Cs. Please contact us and <u>request a webinar here.</u>
